Dear Ms. Dominick,

We are in receipt of your request for employment verification for Louis Peterson, as it relates to his application for a temporary employment visa. As the coordinator of our firm's international internship program since 2009, I can gladly provide you with the information you seek.

Louis Peterson recently graduated from college with a degree in International Business. He applied and was accepted to our Global Partners Program program through our branch office in his hometown of Munich, Germany. He hopes to complete the 12-week internship program in New York and then seek permanent employment in our Germany office. The internship will commence on May 28, 2013 and end on July 20, 2013. His activities while employed in the internship program would involve training and entry-level functions in our Accounting, Finance, Investment, and Marketing departments.

We sincerely hope that Mr. Peterson is able to obtain an employment visa and take advantage of this opportunity, which we feel will be greatly beneficial to both him and our firm. If I can be of further assistance, please contact me at (800) 555-2329 or by email at jphillips@capital.com.

Sincerely,

Jack Phillips
Global Partners Internship Coordinator

Internship letter for contract cover application of

Dear Ms. Darfa Demi,

I write in regards to new developments for constructing four new Jolly Giant retail stores in Region 7.

The project description and market segmentation of the expansion are now in order. I just completed a financial check and, so far, the figures show positive numbers and a reasonable rate of return on investment. If top management decides to push through with the project, the soil test report has also been submitted and I have incorporated it into the working draft.

I am still waiting to hear back from the Legal team about any contract revisions or negotiations. For this reason, I wish to seek an extended deadline to submit final decisions to May 2nd, two weeks from today. Please let me know if this is a possibility on your end.

Thank you in advance for your prompt response.

Best regards,
Mario Kosinski
Business Development Associate
